Addition Standard Written Method

HTH	TTH	TH	H	T	O
4	1	2	8	4	7
+		1	1	6	2	4
4	2	4	4	7	1

Estimate and Approximate

	4	2	¹1	4	7	¹2
-		1	2	2	4	4
	4	0	9	2	2	8

Inverse Operations

I have calculated that 214,257 − 15,483 = 198,774. How can I check my answer?

To check the answer to your subtraction, you can use the **inverse**, which is addition. If we add 15,483 to your answer of 198,774 it should total 214,257 - your original number. If it does, you have calculated correctly.

Estimation

We can round the numbers to the nearest thousand. So 223,478 + 112,983 becomes 223,000 + 113,000.
