

We are architects

Creating a virtual space

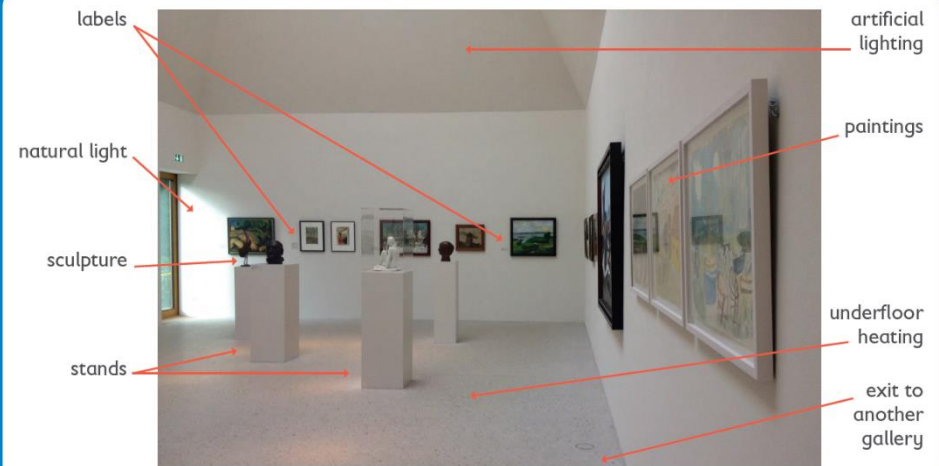

In this unit you will:

- 1 Explore art galleries.
- 2 Create a sculpture using SketchUp.
- 3 Start work on your virtual gallery.
- 4 Add furniture to your gallery.
- 5 Put your artwork into your gallery.
- 6 Create a virtual tour of your gallery.

Common features of art galleries

Working at Age Expected

- Identify common characteristics of art galleries using the web
- Create complex, compound objects using SketchUp
- Create a simple gallery space, including furniture and appropriate finishes to surfaces, in SketchUp
- Add their artwork to the gallery
- Create a narrated, animated walkthrough of their gallery

Working at Greater Depth

In addition, create more aesthetically pleasing objects; create a sequence of interlinked rooms; and edit their walkthrough using MovieMaker or similar
